Collegamento fra fanteria e Comandi per mezzo dell' aeroplano

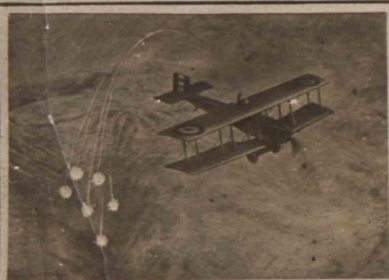

... Ciò che fa l'Aviatore Ciò che fa il Fuciliere ...

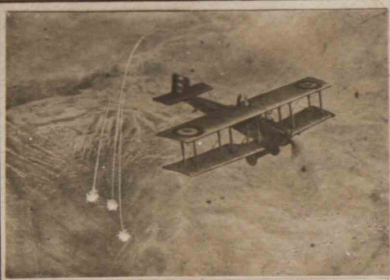

« Io sono l'aeroplano della prima divisione »

« Io sono l'aeroplano della seconda divisione »

« Dove siete ? »

« Capito »

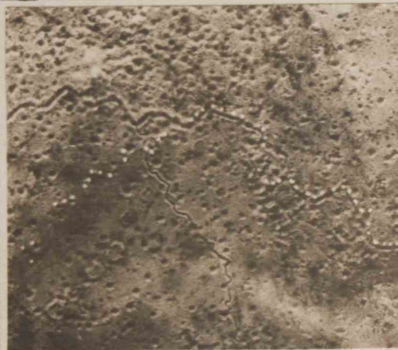

• Altre fumate :

Fumata gialla (impiegata sovente per segnalare contrattacco)

Fumata con paracadute -

Collegamento con fuochi di Bengala

Collegamento con Striscie -

Striscie di identificazione - Posto di combattimento di

Battaglione
triangolo equilatero
di 2 metri di lato

Reggimento
1/2 circonferenza
di 3 metri di diametro

Brigata

1^a Divisione

2^a Divisione

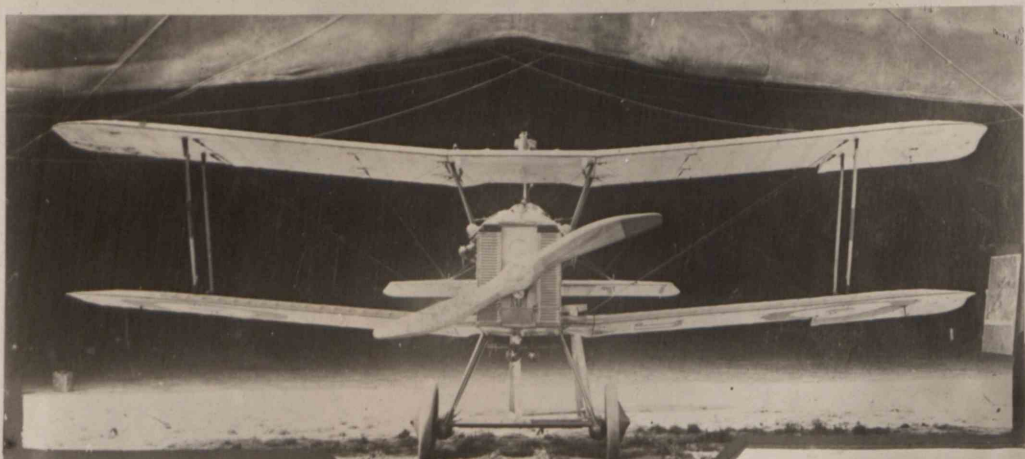

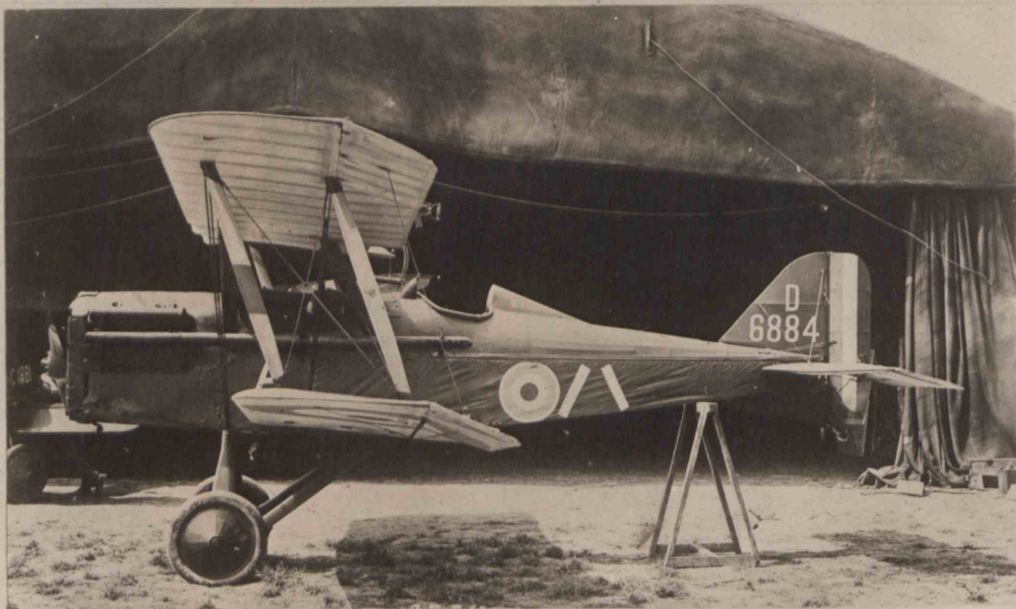

Circonferenza intera di 3 metri di diametro

Tre striscie di 3 metri per 1 metro (Brigata e Divisione) per fare tutte le cifre - Alla cifra il comandante di corpo d'armata da un significato speciale

- Una solamente (Battaglione e Reggimento) per segnalare :

◀ Tiro di sbarramento ← Allungate il tiro avanziamo ← Allungate il tiro il tiro è corto ↑ Rifornimento di munizioni ↗ Ricevuto il messaggio

An aerial photograph showing a vast mountainous region. The terrain is rugged, with numerous peaks and valleys. Some areas are covered in dense forest, while others appear to be rocky or sparsely vegetated. In the background, a range of snow-capped mountains is visible under a clear sky. A north arrow is located in the upper right corner, pointing towards the top of the frame. The photograph is mounted on a dark album page with a white border containing handwritten and printed information.
